Congratulations Graduates! Celebrate with us at the Dean’s Virtual Reception

Dear UBC Pharm Sci Class of 2019/2020,

Despite the extraordinary circumstances we all face as the result of the COVID-19 global pandemic, it is important to me and this Faculty that we celebrate you, our new graduates, and your achievements. It is therefore my pleasure to invite you to participate in the Dean’s Virtual Reception:

Starting at 11.30 a.m.  
Wednesday, June 17, 2020 (following UBC’s main convocation event)

Please visit https://pharmsci.ubc.ca/DeansVirtualReception2020PreEvent to learn more and to access the Dean’s Virtual Reception page next Wednesday.

The Dean’s Virtual Reception will feature the premiere of a specially created video that includes messages to you, from myself, the College of Pharmacists of BC, the BC
Pharmacy Association, and representatives from the undergraduate and graduate programs as well as a fellow UBC Pharm Sci alum. The video will also pay tribute to you, our graduates, and the recipients of this year’s student awards and faculty teaching awards.

In addition to the video, we invite you to share your graduation day images using the hashtag #PharmSciGrad2020, as well as engage with the content that we will be sharing throughout the day on our Instagram and Twitter channels.

Congratulations to each and every one of you.

Warm Regards,

Michael Coughtrie  BSc(Hons) PhD FCAHS
Professor and Dean
